2. The other attachment to this dispatch is a memorandum by [REDACTED] dated 16 June 1954 regarding the contract of [REDACTED]. The nature of the contract to be executed with this individual can be determined by IE and SCAPS. No substantial legal question is seen. It appears that [REDACTED] has become a "resident alien" of the U. S. Consequently, she must pay U. S. income taxes. Since her services are contractual in nature, this income is not subject to the self-employment tax as stated by [REDACTED]
